

1 UNITED STATES DISTRICT COURT  
2 DISTRICT OF NEVADA

3 NATIONWIDE JUDGMENT RECOVERY,  
4 INC.,

5 Plaintiff

6 v.

7 TOM WOODWARD,

8 Defendant

Case No.: 2:23-cv-01600-APG-DJA

**Order to Show Cause Why This Case  
Should Not Be Dismissed or  
Administratively Closed**

9 This case was initiated in 2021 when then-plaintiff Matthew Orso registered a foreign  
10 judgment. ECF No. 1. Orso obtained a writ of execution in 2021. ECF No. 3. Nothing happened  
11 thereafter until fall 2023, when Nationwide Judgment Recovery, Inc. sought a second writ of  
12 execution. ECF No. 5. That was denied because Nationwide was not the plaintiff and  
13 Nationwide presented no evidence that it was Orso's assignee. ECF No. 10. Nationwide moved  
14 to substitute itself for Orso as plaintiff, which was granted. ECF Nos. 11, 13.

15 In May 2024, Nationwide filed a second motion for writ of execution, but that was denied  
16 in June 2024 because the first page of the writ execution listed the judgment being against  
17 someone other than the defendant in this case. ECF Nos. 15, 16. Nationwide has taken no action  
18 to correct the identified deficiency, nor has it taken any other action in this case since then. This  
19 case has been pending for three years with little to no activity.

4 dismissed without prejudice.

5 DATED this 23rd day of September, 2024.
